OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Place of Use of the water of Wilder Creek as heretofore granted under Permit 4212 is issued subject to the terms and conditions imposed in said Permit 4212 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.2 cubic feet per second, but not to exceed a seasonal duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before February 19, 1975

Proof of commencement of work shall be filed before March 19, 1975

Work must be prosecuted with reasonable diligence and be completed on or before February 19, 1976

Proof of completion of work shall be filed before March 19, 1976

Application of water to beneficial use shall be made on or before February 19, 1977

Proof of the application of water to beneficial use shall be filed on or before March 19, 1977

Map in support of proof of beneficial use shall be filed on or before March 19, 1977

Commencement of work filed APR 17 1975
Completion of work filed MAR 16 1976
Proof of beneficial use filed JUN 13 1977
Cultural map filed JUN 13 1977
Certificate No. 9214 Issued 4-27-78
